

Multifan Mobile Fans 16" and 20"

Mobile fans are applied for heavy duty, high moisture laden ventilation, circulation, exhaust and drying applications where portability is required. Typically used for cooling athletic or outdoor events, warehouses, carpet drying and special events where large volume air circulation is desired.

Features:

- The motor is severe duty, wash down, TEAO, Class F insulated
- The motor is C-UL recognized
- UL 507 certified (wet environment)
- Polypropylene plastic housing and fan blades
- Corrosion resistant hardware and base
- 10' -14 gauge, 3 conductor power cord with molded plug
- Centrally located carrying handle
- Fan housings are stackable
- Variable speed, with optional speed control
- 3-year limited motor warranty

Applications of Mobile Fans:

Industry

- Discharge of heat
- Cooling for machines
- Air movement in general
- Man coolers
- Removal of dust (construction work, tear down of buildings)

Intensive livestock

- Extra ventilation in extreme circumstances
- Emergency ventilation Agricultural and horticultural
- Drying of small quantities of potatoes, flower bulbs a.s.o.
- Ventilation in mushroom cellars

Public buildings

- Portable circulation
